MARCH 2004

Volume 34, No 3

## COMMODORE

Our SMSA winter activities sparkle like sunshine on ice and snow with the organization and presentation of a series of seminars on sailing topics planned by our Women's Program Governor, Wendy Schneider, and talented speakers. Our local West Marine chandlery provides the atmosphere and location in January and February. There is an excellent turnout for all meetings and much to learn by even the most experienced sailors. Our Valentines Party was a delightful affair with romantic clubhouse decorations, tasty treats and funny games.

In February the Board of Governors meeting began the second quarter of our SMSA 2004 operational and business year. The treasurer presented a firm operating budget that reflects prudent allocation of our precious funds. All of the Officers and Governors are to be congratulated on this achievement. The mid-course corrections of the operating budget will occur when all the membership renewals have been received. By our March BOG meeting the funds available for our 2004 operations will be determined with the renewal period ended.

Under Old Business, the BOG discussed the timing of the assessment to begin the building fund. The

assessment will occur after the membership roles have been determined at the end of our renewal period. We also discussed continued additions to the building fund in future years through a dues increase. The primary task of the P&PC will be to provide a plan to safe guard these funds until we are ready to begin purchase of a permanent site for future SMSA activities. For other details of our BOG meeting please refer to the Secretary's minutes in this issue of *The Clew*, or for the official minutes check our SMSA website.

The BOG will be monitoring the progress of the Capital Planning Committee through monthly reports. A list of standing committees is published elsewhere in *The Clew* with members' names and the purpose of each committee. Please use this list of chairmen and members to identify people to whom to make inputs and to whom to offer help and support for your favorite programs. This is a dynamic list with membership set by needs and responsibilities as seen by each chairman. Please note that there are many dedicated members all working to provide great sailing programs for SMSA.

Check the March calendar for various SMSA activities. March 7 begins the first of four of the Frostbite series of races and one month later, April 3, we celebrate Opening Day with ceremonies and the first cruise of the season. In between, we

celebrate thirty-two years of SMSA activities on March 13 with a birthday party and on March 20, we have our final clubhouse paint-up and fix-up day. Please join us in as many of these activities as you can.

Your Board of Governors welcomes all members to their next meeting on March 4. Review the draft agenda elsewhere in this issue of *The Clew* for topics of interest. We hope to see many of you there.

SMSA will host a nautical flea market at the clubhouse on Saturday, March 27 from 10:00 a.m. to 2:00 p.m., rain or shine. The event will be open to the public. Cost to rent a table inside is \$5.00; no cost to set up a blanket outside (weather permitting). All funds raised will go to the SMSA Junior program. Table space is somewhat limited - reservations for a table are strongly recommended.

For table reservations and/or information contact:  
Marc DeLaVergne (410) 586-8763,  
vergne40@yahoo.com or Pat Schroeder  
(301) 863- 0193, patsc@csmd.edu

### **PUBLICITY**

I hope everyone plans to attend Opening Day on April 3! Yearbooks will be available that day, so don't forget to stop by and pick up your copy. Each yearbook distributed by hand will help our club save money on postage.

I would like to give a big thanks to all of our yearbook advertisers, supporters, and those that have shared their pictures and ideas.

Kim Blodnikar, Publicity Governor  
blodnika@cbl.umces.edu, (301) 475-9845

### **SOCIAL**

Well the 'lion' should be just around the corner as March is just a few days away. Hopefully soon we can shake off some of this cold and see the kinder and gentler 'lamb' side of the month. Although it has been cold, it has not stopped the fun.

The Valentines Party seemed to be just the cure for the cold as everyone who attended seemed to have enjoyed themselves. Everyone spent much time mingling with friends with some sharing a nice evening with their special valentine. Everyone brought festive hors d'oeuvres and desserts to share and the clubhouse was nicely decorated for the

occasion. Later in the evening we had a game show version of "Who's the Skipper" which is a Trivial Pursuit type game with decks of nautical know-how. Everyone eagerly answered the questions although it was funny how the ladies in the group answered more questions correctly than the men (there is a message in that). It wouldn't be a game show without prizes so we had a few special surprises to share.

After the game, the party continued with more food, drink, camaraderie and punch. It appeared that no one left with out having had a good time. I must thank Robert Herbig for staying and helping Barbara and me with cleaning up the clubhouse. In no time, we had everything in order with no need to return on Sunday to finish. Lastly, I must thank my Valentine, Barbara, for all that she does for me, and everyone else, giving her time effort insight and caring. For me, every day with Barbara is Valentines Day.

Final plans are coming together for another fun SMSA event just around the corner. Saturday, March 13, we will celebrate SMSA's 32nd Birthday at the Lexington Park Elks Lodge on Chancellors Run road. Your host, Kris Dennie-Young is planning what is sure to be a great evening to include a social hour at 6:00 p.m., dinner at 7:00 p.m. and the traditional recognition of founding members, charter members, and past commodores. Please note that this is one of the few SMSA events that you are requested to RSVP for. Final details including menu and other pertinent information will be included in an invitation to arrive shortly in your mailbox.

Also in March we begin our annual Frostbite Races held every Sunday afternoon. The race starts just off the CBL bulkhead at 1:00 p.m. You are welcome to come watch the start if you are not sailing (this has become an amazing arm-chair quarterback sport) or join the fun just after the race at Bowens Inn. You can catch up on the stories while awaiting results and enjoying the camaraderie with friends and other sailors.

The next major event on the SMSA social agenda is Opening Day scheduled this year for April 3. Make

plans on being there to kick off the official sailing season. It is sure to be a great time seeing old friends and introducing yourself to new members you may not yet have met. There is sure to be prime opportunity to complain about how cold winter was and share in the excitement that spring is finally here. We can start sharing in the new adventures we have planned for the season including the first cruise of the year traditionally planned for opening day. If you cannot stay for the event, be sure to at least stop by and say hello and pick up the coveted SMSA Yearbook produced by your Public Relations Governor, Kim Blodnikar and crew.

John Herbig, Social Governor  
jherbig@justsailing.org

### UNCLAIMED TROPIES

At the recent clubhouse cleanup, we discovered a box of unclaimed trophies. These are race trophies for past years. They are at the clubhouse on top of the trophy cabinet. The persons listed below were the original recipients and have 60 days to claim their trophies.

Stovy Brown	Michael Ironmonger
Norman Dawley	John R. Edwards III
Jack Evans	Edward Kern
David Troyer	Skip Zahniser

### RACE

I have just come back from the Sailing World NOOD Regatta at St. Petersburg. Before St. Pete there was Key West Race Week. SMSA was well represented in both regattas by the crew of John and Linda Edward's *Rhumb Punch*. "*Punch*" finished second in its class at both events. At St. Pete *Hustler* came on to take the lead from *Punch* during the big breeze of the last day. Similar things happened at Key West when the 34' Beneteau FC10 *Kelly* took the lead from *Punch* in the big breeze at the end of the week. The *Punch* crew is very pleased with their performance against the likes of these two perennial winners. *Kelly* ended up being the PHRF Boat of the Week at Key West.

The success that John and Linda are experiencing comes from their persistence to organize and prepare the boat and crew at a high level. I know that they could be an example for all of us at this time of the year as boats are being prepped for the coming season. While you're checking the sails, hardware, bottom paint, and rigging don't forget to double check the safety gear. Replace the equipment that has expired or looks worn. The season begins at the time of year when the water is extremely cold and there can be big breeze, exactly when you don't want to have issues with the safety gear.

The last thing that I would like to ask for is that you give me a call to volunteer for Race Committee Duty. The response has been light so far. VOUNTEER NOW, before duty has to be assigned. Call me during work hours (410) 326-2600. I'm looking forward to seeing everyone at the start of the new sailing season.

Clarke McKinney, Race Governor  
cmckinney@quantumsails.com, (410) 326-2600

### CRUISE

The Cruise Planning Meeting took place on January 31 at the clubhouse. We had over 45 persons present for breakfast, the meeting, and lunch. With the COLD weather, the group was, as one, anxious for the cruising season to start. There were many suggestions for cruise destinations, and we found eager volunteers to serve as cruise leaders for each of the 2004 cruises. Both long-time SMSA cruisers and some new members will be serving as the cruise leaders. The 2004 Cruise Schedule includes more cruises than in recent years, including a series of Concert Cruises to take in the River Concerts at St. Mary's City.

The 2004 Cruise Schedule will be published in the yearbook and available at the Opening Day Ceremonies on April 3. In the meantime, I can send an email attachment of the schedule to anyone who asks anytime.

Suzie Williams, easytime@chesapeake.net.

## OPENING DAY CRUISE

The first scheduled cruise of the 2004 season will be on April 3-4, at the traditional location: Rollins Cove on St. Leonard Creek (off the Patuxent River about 10 miles upstream from Drum Point). Get your boats in the water, and in at least a minimal state of preparedness, and start the summer right! No cruising points will be deducted for less-than-Bristol brightwork.

As many know, this is a sheltered spot on "one of the most beautiful creeks on the Chesapeake" (of which there are, at last count, approximately 1,003). The coordinates for the intended raft-up "outside" the real cove are approximately: W 076<sup>0</sup> 29.2 - N 38<sup>0</sup> 24.4

If the weather is bad enough that we would need to go inside the cove itself, we should all probably stay home and watch the Super Bowl commercial reruns. Anyway, look for the raft anchor, a blue Sabre 38, *Kalypso*.

Please email or call the cruise leaders, Joel and Mary Bergsman, at [joel@bergsman.org](mailto:joel@bergsman.org), or (301) 526-2445.

The Bergsmans will issue last minute confirmation or changes around mid-day the day before, Friday April 2, by email (or phone if they know you don't do email). They will also be standing by on the phone listed above. They will call "all SMSA cruisers" on VHF channel 9 (NB NOT 16) at 1400 hrs. (The traditional 1000 call doesn't seem necessary for a cruise that will be as short as this one for all or most of us) and stand by on that channel thereafter. However, the topography of St. Leonard Creek and surroundings may impede VHF communications, so feel free to use the phone on Saturday.

In case of fair, but cold weather, hot mulled cider will be served by the hosts. Otherwise gin and tonics are suggested on the traditional BYOB basis to celebrate the start of the season. Sail on!

Joel and Mary Bergsman, Cruise Leaders

## Cruising Seminar

Mark your calendars for 3:00 p.m. on Sunday, April 18. We will hold a seminar, at the clubhouse, on "Going South and Extended Cruising." Afterwards, we will have a rendezvous/social hour. More information will follow in the April issue of *The Clew*.

SMSA has renewed its membership in the **BoatU.S. Cooperating Program** for 2004. As an SMSA member that means you can renew your Boat U.S. membership at a **50% discount**, only \$9.50/year! BoatU.S. Membership benefits include:

- An effective lobby that fights unfair taxes, fees and government regulations that single out boat owners.
- Discounts and Member Rewards with purchases
- Discounts on fuel, overnight slips or repairs at more than 700 marinas.
- Low-cost, high-protection boat insurance, included
- On-the-Water Towing, with your choice of service levels - from \$50 per incident (included with Membership) up to Unlimited Service - provided by the nation's largest towing network.
- *BoatU.S. Magazine* - a full year's subscription is included with Membership!

In 2003, SMSA had over 65 registered Boat U.S. memberships. When renewing your membership with Boat U.S. this year, or if you aren't currently a member of Boat U.S. and are considering joining, be sure to mention SMSA's Co-op Group number - **GA82233S** to get your special rate. If you have already renewed your Boat U.S. membership and didn't get the discount rate, you can contact their membership services to credit your account toward next year's dues. Be sure to check out [www.boatus.com](http://www.boatus.com) for more information regarding the benefits of membership, or contact Shawn Stanley.

## **WOMEN'S PROGRAM**

Last year's Women's Governor and members passed on the request that I plan a venue for winter training for the club. I thought it was an excellent idea, and obviously, so do many other members.

I have been amazed by the attendance at these seminars. An average of 40 people have been there every week, even in lousy weather. It has been gratifying for me and more so I'm sure for the speakers. I'm sure we will do it again next year.

Pat Healy was great the first night and much enjoyed by everyone. He has already expressed an interest in talking again next year.

Stovy Brown was kind enough to bail me out at the last minute and present the second week's seminar on navigation. My planned speaker just didn't pan out. Stovy also did our third seminar, wind shifts on the race course. This was a well developed presentation and I think we will want that one presented next year as well. He has lots of knowledge and is so willing to share it. Thanks, Stovy.

Last week's seminar by Will Keyworth on sail trim was excellent. As usual he made it sound easy and it made perfect sense while he was presenting it. Just hope some of it makes it to the boat next month. Will has such a relaxed manner. Maybe it's because he used to teach 6th and 7th graders. I think he was still using the same overhead projector. Thanks, Will.

We still have two presentations to go. Next week Paul Miller from the Naval Academy is going to provide information for safety at sea. He is a naval architect and frequently is a presenter at the Naval Academy's Safety-At-Sea seminar.

Our last seminar is the ever popular "Racing Rules" by Dan Trammell and Stovy Brown. I've already warned Susan that we will need extra chairs for that one. If you have particular questions or situations that you would like them to address please email Stovy at [stovy@chesapeake.net](mailto:stovy@chesapeake.net). That will help

keep things concise and moving along. This seminar always seems to go long because of its popularity and the many questions.

I want to thank Susan and Rick at West Marine for all of their wonderful help these past four weeks. Also, Nettie Harrold for the great coffee.

Hope to see more faces out there. Sailing season is almost here.

Wendy Schneider, Women's Governor

## **HIGH SCHOOL SAILING PROGRAM**

The High School spring season is getting into full swing. Practices are being held on Wednesdays, Thursdays and Fridays. Please join me in welcoming back the teams from Patuxent High School, Saint Mary's Ryken, and Rising Sun Christian School. Check the SMSA website and follow High School links to see the entire practice and regatta schedule.

Discussions with students and faculty members at Leonardtown High School may lead to establishing another team here at SMSA. Two Leonardtown students participated in practice sessions last fall and are hoping to be able to compete in the spring regattas.

## **JUNIOR PROGRAM**

### **Summer Day Camps**

Registrations for the camps have started coming in through the mail. Thanks to everyone that chose to pre-register. There was a mistake in the schedules on the registration forms. The corrected Summer Opti and FJ Day Camp schedules, as well as corrected forms, were posted on the SMSA website

in mid-February. Walk-in registration night will be on March 25 at the clubhouse.

Any junior members that are interested in being counselors-in-training for the summer camps please contact me for more information.

J.T. Baker, Junior Governor

## MEMBERSHIP

Thanks to all who renewed their SMSA membership for the 2004 season during our membership drive period that ended on February 15. Of course, we will continue to accept late renewals; however, the cut off to be published in the Yearbook Directory is sometime near the end of February.

**This will be your LAST ISSUE OF *THE CLEW* for those who do not renew their membership prior to press time (March 15) for the next issue of *THE CLEW*.**

The SMSA Board of Governors has approved the following new memberships. Please make them feel welcome as you meet them at some of our SMSA activities.

**Raymond and Michele Inaba** are sponsored by Nancy O'Neal and Gary Breeds. Ray's Navy career allowed him to participate in sailing at Whidbey Island, Washington; Cubi Point, Philippines; and, Pearl Harbor, Hawaii where he owned a 25 foot sailboat and belonged to the Iroquois Lagoon Yacht Club and the Coast Guard Auxiliary. Ray and Michele live in Waldorf and have owned their 33 foot sloop *Kapeka* since 1991 and plan to moor it at Calvert Marina this year. Their sailing interests include sailing fellowship, cruising, and junior programs for their children **Elizabeth (8) and Daniel (5)**. Welcome Aboard.

**Sarah Forbush-Southworth** is sponsored by David Troyer. Sarah grew up on the Potomac River in the powerboat world, but got hooked on sailing during

a Boy Scout adventure in 1998. Since that time she has been an active crewmember, and now part owner, of the Morgan 36 *Krugerrand*, and has participated in numerous SMSA racing and women's events. Sarah is also accomplished as a licensed USCG Master – 50 ton Inland Captain. Her primary interests in sailing include racing and women's programs. Welcome Aboard.

**Barry Winkelman** is sponsored by Ed Kern. Barry owns a Seafarer 26 named *Caribe* and plans to moor it at Calvert Marina this year. Although he uses his own boat for some cruising, he seems to spend much of his time racing on other people's boats, including Ed Kern's Hobie 33 on weekends with SMSA, a Pearson 30 with HNSA on Wednesday nights, and a Pretorian 35 on weekends in Annapolis. He plans to do the Annapolis-Bermuda race this June on a C&C 35. Barry's sailing interests with SMSA include cruising and networking with fellow sailors. Welcome Aboard.

**Reverend Paul S. Tipton** is a returning SMSA member, and he brings a lot of racing experience to the club. Reverend Tipton has been active in sailing all his life including Lightnings, MORC, IOR, and PHRF. He was the founder of PHRF on the Gulf Coast, chaired the offshore sailing for the Gulf Yachting Association, and served on race committee as a member of NASS for many years. He has been a certified Senior Race Officer of US Sailing since 1988. Reverend Tipton has owned and raced 11 different sailing vessels as well as a number of power vessels. He currently owns a custom Chance 39 named *Toro* and moors it at Calvert Marina. Welcome Back to SMSA.
